

Caledonia Education Foundation

Essentials Fund

Children cannot learn unless their basic needs are met.

↑ The Essentials Fund will give teachers, counselors, and school staff access to resources to help a child without having to use their own money. Many times they are the first to hear about pressing issues that need an immediate solution before other organizations can become involved.

\$10,000 annually

Going to students who need it:

- Groceries for a family faced with unexpected medical bills
- A new tire or gas card for a family experiencing financial difficulties due to loss of employment
- A home repair for a family in need to make their house safe for the kids living there
- Personal care items like toothpaste, deodorant and shampoo

Help grow this fund by giving:
