RE: COVID-19 Testing Sites - this weekend

Good Afternoon CCS Community,

At the request of the Kent ISD, we are sharing the information below about rapid COVID 19 testing available this weekend.

Caledonia Administrative Team

---

Two free, drive-through COVID-19 testing sites will open this weekend for any interested students and families. The testing is confidential. Results will be texted or emailed to those tested.

- Saturday, April 17, 11:00 am – 5:00 pm at Kent ISD
- Sunday, April 18, 9:00 am – 3:00 pm at Grandville High School

Please complete [registration](#) in advance for a location and specific time slot.

The number of tests per hour will be limited so pre-registration is the best way to secure your testing opportunity. The testing will be free and confidential and results will be quickly texted or emailed to those who are tested. If you or your student tests positive, follow the recommendations outlined by the Kent County Health Department and your local school district.

If you have questions regarding registration please contact Honu Management testing coordinator, Kirk Werner at 517-388-9161.
