

Spectrum Health - Vaccine Health Series
April 22, 2021

Spectrum Health is holding a panel discussion on sharing information and building trust during the pandemic with people of faith and their faith communities. Join us on Friday, April 23, 9 a.m. to 10 a.m., as our panel of faith leaders and medical experts explore ways to engage people who are reluctant to get vaccinated. We'll discuss the opportunity that faith leaders, members of their congregations and health professionals have to connect with our community with empathy and understanding.

This virtual event will be streamed live on [Spectrum Health's Facebook page](#).

The panelists are:

Jennifer Pascua, moderator, lead communications specialist, Spectrum Health
Dr. Laurie Braker, MD, family medicine physician, Spectrum Health-Pennock
Father Mark Przybysz, St. Anthony Padua Parish, Grand Rapids
Pastor Ben Aguilera, Holland Blvd Church
Khary Bridgewater, Kent County Faith-Based and Neighborhood Partnerships Team

This is our second conversation with faith leaders. View our first discussion on April 2 [here](#).
