EXTENDED LEARNING

Spring/Summer 2021

Spring and Summer learning opportunities to bridge the
academic gaps students may be facing.

EXTENDED LEARNING OPPORTUNITIES

CALEDONIA COMMUNITY SCHOOLS

OVERVIEW

21

The US education system was not built to deal with extended shutdowns like those imposed by the COVID-19 pandemic. Teachers, administrators, and parents have worked hard to keep learning alive; nevertheless, there is a need for additional learning opportunities to fulfill the academic gaps.

Why?

- To provide resources and support to families during and after this disruption, in particular with Mathematics and English Language Arts
- To prepare students for the subsequent school year
- To provide social-emotional supports as needed

What?

- Extended learning support to identified students through on-site spring & summer sessions
- Opportunities for credit recovery
- Special education supports, as applicable
- Various enrichment resources for all students PreK-12 (April 2021)

How?

- Utilizing Caledonia teachers for additional instruction during spring and summer sessions
- Providing additional resources through building and district communication (April 2021)
- Removing barriers, like transportation, that might prevent students from attending
